

Extend the life of your ZP and Universal series pumps! Remanufacture and save \$\$\$!

YOUR pump is remanufactured with all new parts, machined to new pump standards and each pump is fully tested before shipping.

Standard upgrades on all remanufactured pumps

- 17-4 PH-1150 Shafts - Provides twice the tensile strength of 316
- Stainless Steel Bearing Retainers - Prevents corrosion
- Helical Gears - Increased load carrying capacity and reduced noise
- Powder coat paint - Better protection in a caustic environment and chip restraint

Pump losing efficiency?

Pump performs like new for 30% less than the cost of a new pump. Includes a full one-year factory warranty. Two week turnaround.

YOUR pump returned in new condition!
